

KRLL Script for 1/19/2018

Hi! This is Connie Gerling from the Moniteau County Library

The library board met on Thursday, January 18th for the regular monthly meeting. Several new services were approved that will better serve the outlying areas of the county and the schools in the library district. I will share more information about these services in the near future.

To celebrate Valentine's Day, the library is playing matchmaker. Going on a Blind Date is a lot like opening up a new book; you never know what kind of experience you're going to have. To participate, simply select a book we've prepared for the blind date, fill out the "Rate Your Date" slip and turn it in to earn a sweet treat which enters you for a chance to win a \$25 Amazon Gift Card. Program runs from January 19th through February 16th.

We also received the announcement that our 2018 Summer Reading Program grant has been funded. This means that we not only will be providing the full-blown summer reading program here in California, but we will also be taking the weekly programming to the communities of Jamestown, Clarksburg, Latham and Highpoint. We are excited about services that can be implemented through partnerships with the schools.

The library has refurbished desktop computers for sale right now and they are going fast. For \$75 you get a monitor, keyboard, and mouse with a computer that has been updated to Windows 10 OS. These computers have additional software and are internet ready. We've sold three units this week, so stop by soon, they won't last long at this price.

This is Connie Gerling wishing you a great day from the Moniteau County Library. Join me every Friday at 3:45 and also on Saturday mornings right here on KRLL 1420 AM, where you can find out about everything that's going on here at your library.
