

KRLL Script for 11/17/2017

Hi! This is Connie Gerling from the **Moniteau County Library!**

With the passage of the County Library District, we are happy to see former patrons with expired membership begin using the library again. We've also been pleased to have new patrons begin using the library from various areas of the county.

Free access to the library materials and services is something I hope residents of Moniteau County will take advantage of. The library is the one public service that you don't have to wait to have your house on fire or have a health emergency to see the benefit of your tax dollars. If you're not a reader, we have over 1,500 movies that check out for 2 weeks, we have audio books, magazines and public computers with printing in b&w and color capabilities. If you are a reader, but don't come to California often, you can utilize the eBook service and check them out from your home to your computer or eReader device.

You can learn more about our services and program on our Webpage at [www.moniteaucountylibrary.org](http://www.moniteaucountylibrary.org), or on our Facebook page at Moniteau County Library. To receive information and updates, simply like the page and you will begin seeing posts from the library.

We want you to feel that your tax dollars actually benefited you. Maybe it will be through your children, grandchildren, or extended family and neighbors. Using the library is becomes a habit, and one we hope you will begin soon.
